

## 2017 – 2018 FELLOWS

**Brandon J. Bonin, MS, PHM**  
Senior Public Health Microbiologist  
Santa Clara County Public Health Laboratory

**Brandon** is the Senior Public Health Microbiologist for the Virus, Molecular, Mycology, PFGE, and WGS departments at Santa Clara County Public Health Laboratory. Brandon received his BS in Molecular Biology from the University of California, Riverside and his Masters of Science from the University of Florida. Brandon started at Santa Clara County Public Health Laboratory in June 2004 as a PHM trainee. He is a graduate of the APHL Emerging Leaders Program Cohort 9 and also working towards his doctoral degree from the University of South Florida with expected graduation in summer 2020. Brandon is also a veteran of the United States Navy with one tour in the Persian Gulf. When not doing science, Brandon enjoys big mountain snowboarding and mountain biking.
